

FINANCIAL LINES INSURANCE

Protect Against
Management And
Professional Liabilities

Our Insurance Products

Azure Risk's insurance solutions takes care of the potential liabilities faced by financial institutions and their management.

01 Professional Indemnity (PI)
Provides financial protection for professionals who sustain financial losses arising from negligence on their part or their employees' part whilst providing professional services.

02 Directors & Officers (D&O)
Provides personal protection for directors, officers and management against financial loss arising from the potential exposures associated with managing or supervising a company.

03 Commercial Crime
Protects a company against a wide range of exposures and manages losses in the event of a criminal incident. A fraud, a theft, destruction of property or cybercrime can be financially devastating.

04 Employment Practices Liability (EPL)
Protects a company, its directors and officers, management, and other employees against claims by employees that their legal rights have been violated. These can include claims for wrongful termination, discrimination (based on sex, race, age or disability), and harassment.

Our Commitment To You

We're the partner you can go to with anything challenging.

The core of our business is to improve your experience by being a part of your insurance decision-making process and giving you the choice of appropriate and affordable cover. We don't stop once the product is in place. We continue as advocates throughout our relationship. Edge, our digital platform, enables streamlined, simplified, and secure policy management from issuance and billing to collections and claims for our multi-line range of insurance products.

Azure Risk only works with reputable "A" rated insurers to provide tailored insurance solutions with limits of cover that are clearly defined and relevant to the needs and scale of your operations.
